UNIVERSITY OF CENTRAL MISSOURI

BUSINESS CONTINUITY CERTIFICATE

This concise, coherent field of study provides a background for those wishing to enter the business continuity profession. Students pursuing majors in business, information technology, or any field of management will find this certificate complements their field of study. These courses also add new skills for mid-career managers in information technology, manufacturing, logistics, risk management, and health and safety.

The Certificate in Business Continuity also prepares qualified students to pursue the Certified Business Continuity Planner professional credential, offered by Disaster Recovery Institute, International.
